Windsor & Eton	OK	Entrance to the club is from within the public River Street Car Park. This car park is accessed from Barry Avenue. River Street Car Park, which is fee-paying and has barriers installed. This is the process to be followed by visitors to gain access to the club's own free car park and also how to avoid payment when leaving the River Street Car Park. First enter the public River Street Car Park. The entrance is from Barry Avenue alongside Brown's Restaurant by the River Thames. Visitors must now take a token by pressing the green button and then go through the barrier. The entrance to the bowls club is via gates which are immediately on the right hand side after passing through the barrier. Drive through the club gates and once inside the club grounds there is ample car parking space. Before leaving the clubhouse, the token will be validated to ensure that no payment is required on exiting the public car park. On leaving the club it is necessary to exit by turning right out of the club gates and driving through the public fee-paying car park to the exit point. Use the validated token to exit.
Windsor Great Park BC	OK	Take the A332 from Bagshot to Ascot, stay on it with the racecourse on your right. Go over the two mini roundabouts and stay on the A332 until you take the right hand lane to go round the roundabout staying on the A332. Continue past the first white gate you see and turn right at second white gate by the traffic lights, (a pedestrian/horse crossing). Approach to within 1 metre of the white gates and they will open automatically. Proceed along that road, continuing straight over 2 crossroads, between the ponds. The York Club is on the left. You will see parking on the right hand side and the green is on the left.
Woking Park	OK	Three hour parking now so we have been provided with parking permits, which must be displayed in your car. These permits can be collected from Woking Park's 'Captain of the Day' in the Club house.
